

XV INTER AMERICAN CONGRESS
OF MICROSCOPY SOCIETIES
CIASEM XV – SAMIC VI

October 1 - 4 2019

Universidad Católica

Buenos Aires, Argentina.

WELCOME LETTER

On behalf of the Argentine Society of Microscopy (SAGIC) and the Committee of the Inter American Society of Microscopy (CIASEM) we welcome you to the joint meeting of CIASEM XV and SAGIC VI to be held in Buenos Aires, Argentina, from October 1st to 4th, 2019.

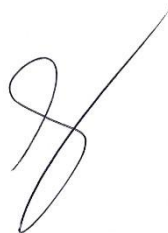

The meeting will be held at the Argentine Catholic University (Universidad Católica Argentina - UCA) which is in Puerto Madero, the largest urban renewal project in the city of Buenos Aires, where we anticipate an attendance of over 700 scientists working within and outside the microscopy sector. It will also be an excellent opportunity for all professionals to interact with the industry, exchanging experiences and developments to continue supporting the growth of Microscopy in the region.

The privileged location of the venue offers easy access to main tourist attractions, cultural centers and fine restaurants and cafés, to not only participants but accompanying persons, in a very safe district.

The Congress theme will be “Microscopy as a tool for solving new scientific challenges”. Therefore we hope that the richness of the topics of the Congress and the charm of the City of Buenos Aires, become an excuse to participate, not only to those travelling from neighboring countries, but also to local delegates visiting us from all over Argentina.

We invite you to join us and walk this path together towards another successful and memorable Congress.

We are looking forward to welcoming you to Buenos Aires!

Prof. Dr. Francisco Capani

President, XV Congress CIASEM

Dr. Raúl Versaci

PAYMENT AND PARTICIPATION TERMS

Set up day:	September 30 of 2019
Dismantling day:	October the 4th of 2019 Once the event has concluded – Verify Exhibitor Manual

Venue: Universidad Católica Argentina (UCA), Buenos Aires, Alicia Moreau de Justo Av. 1300 (C1107AAZ). C.A.B.A.

Height: maximum height of entire construction, including lighting equipment, cannot surpass 1.8 meters.

Exhibitor registration: each exhibitor will receive 3 badges (tagged with the name of the Company that they represent) and will be delivered in October the 1st of 2019.

Electricity: 220-380 volts current/50 cycles. Ground wire in every equipment or electric device is obligatory.

Date change – Cancellation:

- In case of force majeure, Executive Committee can change the date or exhibition venue or cancel it. In the latter case, the amount paid will be fully refunded. No other claims will be accepted.
- If the Sponsor or Exhibitor cancels the place or the business opportunities currently hired and the Organizing Committee is able to sell them again to third parties, 80% of the amounts paid will be refunded, applying a 20% retention in concept of administrative expenses.
- If the Sponsor or Exhibitor cancels, the space or the business opportunities currently hired through the agreement appropriately signed, and the Organizing Committee is not able to sell them again to third parties, the complete or partial amounts paid won't be refunded, if there were any. If there is no payment registered, it will be demanded the fulfillment of the signed commitment through the agreement and the corresponding amount will be invoiced.
- Every Cancellation must be sent exclusively in writing and in a reliable way. Cancellations after April 30 of 2019 will not be accepted.
- The Organizing Committee has the right to cancel the contract according to the article 1198 from our civil code.

Insurance

The Organizing Committee won't accept any responsibility for personal damage caused because of damages or loses of property that belongs to the congress participants, during or as result of it. Therefore, it will be recommended that the participants and exhibitors hire their own health, accident, travel, stand and personal insurance.
